

INSTRUCTIONS FOR VISITORS

Dear visitor, welcome to RAIZ!

We hope that your visit runs smoothly, avoiding risk situations and asking for your cooperation regarding some rules and safety instructions to be followed.

The objectives of these instructions are to regulate access and ensure safety conditions for all those who wish to visit RAIZ and Quinta de S. Francisco, as well as to guarantee the preservation of its heritage.

The information contained in this document does not exempt you from reading the **Regulations for External Visitors of RAIZ**, available at RAIZ entrance and on RAIZ website.

Instruções

1. Register entry at the RAIZ entrance.
2. Wait for the arrival of the person being visited or follow the instructions of the security guards on duty. During the visit, never leave your companion and if you get lost, call to the number at the bottom of this leaflet.
3. Filming or taking pictures in any of the RAIZ laboratories, without prior authorization, is prohibited.
4. Smoking or making fire is absolutely prohibited, except in areas designated for this purpose (near the entrance doors to buildings).
5. It is absolutely prohibited to leave waste on the floor. Waste must be stored until placed in the appropriate containers for this purpose.
6. Some RAIZ locations are under video surveillance and are duly marked.
7. It is mandatory to respect the instructions indicated on the existing safety signs or that are transmitted verbally by the companion of RAIZ.
8. In laboratories, do not approach benches where work is taking place or machines with moving or hot parts.
9. Follow the indicated route and respect the signs prohibiting access to certain areas.
10. If you detect an emergency, you must press the nearest alarm button, in accordance with the building's emergency plant, and go to the safe Meeting Point (located at the entrance of RAIZ).
